

Free VPS with Switch Markets

TERMS AND CONDITIONS

Effective as of December 12th, 2024

General

Virtual Private Server (referred to as the "Service") is a third-party service provided by ForexVPS.net, which Switch Markets offers to clients based on the terms and conditions outlined here.

A Virtual Private Server is a virtual machine that operates with its own copy of an operating system (OS), providing customers with dedicated and private access to a remote computer using virtualization technology.

Before using the Service, it is important for every user to read, understand, and accept the Terms and Conditions and Privacy Policy of ForexVPS.net, which govern the use of the Service.

The Service is offered to eligible Switch Markets clients **free of charge** if they maintain a minimum Live account equity of **\$50** or its equivalent. If a client wishes to obtain multiple free VPS instances, they should send a request to support@switchmarkets.com asking for additional VPS. The provision of additional VPS instances is subject to the company's discretion.

Access Provision

To obtain access to the Service, eligible clients need to follow these steps:

1. Register on the Switch Markets website and open a Live account.
2. Ensure that the Live account has a minimum equity of \$50 or more (\$100 or more if it's not the first Free VPS).
3. Submit a request through the designated Service Landing Page using the link: <https://www.switchmarkets.com/activate-free-vps>
4. Once the client's information is verified, they will receive an email containing their login credentials.

Renewal of Access

Access to the Service will be automatically renewed on a monthly basis if the client maintains a minimum Live account equity of \$50 or more (\$100 or more if it's not the first Free VPS) and actively engages in trading. Eligibility is strictly limited to clients with Standard or Pro ECN accounts. Demo and Cent accounts are excluded from this offering.

However, in other cases, the provisioning of the service may be suspended, and the client will receive prior notice via email. If no response is received, all client data and virtual private server configurations may be permanently deleted.

In the event that Switch Markets decides not to renew access to the Service, an attempt will be made to notify the client via email at least 96 hours before the access is suspended. Please note that the timely delivery of such notification cannot be guaranteed. The client assumes full responsibility for any consequences resulting from the discontinuation of Service access.

Clients whose Service access has not been renewed are welcome to continue utilizing the services of Switch Markets under the general service terms.

Revocation

Switch Markets operates under the principle of "Fair Use." If a client utilizes the Service offer in an unusual manner or acts against the economic and legal interests of Switch Markets, Switch Markets reserves the right to immediately terminate access to the Service at its reasonable discretion, with or without prior notice to the client.

Furthermore, Switch Markets retains the right to suspend access to the Service, even for Live accounts with equity exceeding \$100 or equivalent in another Live account base currency, if suspicious deposit and withdrawal patterns indicate a potential abuse of the offer's terms.

Please note that Switch Markets reserves the right, at its discretion, to change, adjust, suspend, cancel, or terminate the provision of the Service at any time, with or without notice to the client. In no event shall the company be held liable for any direct or indirect consequences arising from such changes, adjustments, suspensions, cancellations, or terminations of the Service.

It is important to emphasize that the client bears sole responsibility for any illegal or fraudulent activities that may occur during the use of the Service.

Final Provisions

Upon receiving the Service, the client acknowledges that they have read, understood, and agreed to the terms of use for the Virtual Private Server Service, as well as all relevant end-user terms, Service user manuals, client agreement, and all other general terms and conditions of Switch Markets.

By using the Service and accepting the associated terms of use, the client agrees to release the company, its officers, employees, representatives, and agents from any liability for claims, costs, losses, or damages of any kind arising from or in connection with the Service.

If the client wishes to cancel their Service access, they can do so by sending an email to support@switchmarkets.com.

Should you have any questions or feedback, please do not hesitate to contact us.
